PROJECT DESCRIPTION

Cube Zanzibar is an innovation space (hub) that specializes in business development incubation and acceleration.

Cube aims to diversify, improve, and commercialize its services in a way that would allow it to address existing market demand in Zanzibar, strengthen the innovation and technology ecosystems in Zanzibar, and be financially independent.

Through the Institutional Capacity Building (ICB) Program with HDIF, Cube Zanzibar intends to enhance the Cube Innovation Space by adding the services below:

1. Business Incubation and Acceleration services.
2. Creative Lab.
3. Online Library.
4. Co-working space.
5. Meeting & conference Space.
